WiSACWIS Release Notes

Release 3.1.2 – March 6, 2002

Intake

1. Participants can be deleted through the search button under the participants tab of the PS report window.

Restricted Case

1. On the search window, case maintenance is disabled and only the assignment icon is displayed.

Case Plan and Case Progress Evaluation

1. On the Case Plan window, Outcome tab, text in the responsibility and comments boxes should no longer be swapping upon re-entering the window.
2. If a Case Progress Evaluation (CPE) is 'Not Approved', the not approved plan is frozen and a new CPE can be created.
3. The Case Progress Evaluation (CPE) Tickler will be deleted from worker's desk top once the CPE is approved.

Eligibility

1. On the IV-E eligibility windows, placements will display under question 8 on both the Initial Determination and Redeterminations tabs.

Templates and Letters

1. On the Request for Emergency Detention the Family Composition information should properly display after reopening the saved document.
2. On the Notify Mandated Reporter letter the correct phone number prefills underneath the supervisor name.

Outliner/Search

1. Search function and outliner navigation no longer results in "Contact System Administrator" error.
